

BE ACTIVE KIDS®

2019 Train-the-Trainer Sessions

JOIN OUR
GROWING
NETWORK!

Be Active Kids is a signature program of the Blue Cross and Blue Shield of North Carolina Foundation and the only comprehensive physical activity based program dedicated to improving the health and development of young children from birth to five in NC.

Be Active Kids Training supports:

- ★ planning and leading of more structured activity
- ★ offering more opportunities for unstructured activity
- ★ incorporating fundamental motor skills and movement concepts into physical activity
- ★ integrating physical activity into daily schedules
- ★ physical activity best practices and NCFELD developmental domains

Be Active Kids Movement Guide

- ★ extensive, evidence-based curriculum largely focused on fundamental motor skill development and movement concepts
- ★ includes more than **80 developmentally appropriate lesson plans** for **infants, toddlers, twos, and preschoolers**
- ★ aimed at improving children's physically active life experiences and empowering **EVERY** young child in North Carolina to become competent, successful movers

What Trainers say about Be Active Kids trainings...

"I thought [the training] was informative, clearly presented, and I liked that it was broken up into different parts so we could get up and move around"

"I am a community college ECE teacher... I hope to use MANY of these activities in many courses"

"[BAK training] supports being more intentional in offering physical activities to all children birth to five. Fun, fun, fun!"

Be Active Kids Train-the-Trainer Sessions

PURPOSE

Gain the knowledge, skills, and resources needed to train child care providers and preschool teachers. Once trained, offer the FREE training to child care providers and share our resources in your community.

COST

\$25 — covers the training, materials and lunch

REQUIREMENTS

TRAINERS MUST COMMIT TO:

1. Holding at least **two** provider training sessions per year. **OR**
2. Holding at least **one** provider training session **AND** sharing Be Active Kids in your community.*

*Participants who complete the Train-the-Trainer session will receive 4 CHCs approved by DCDEE.

* **Payment options are given when you register online.**

“I am currently using the Be Active Kids training and program to promote physical activity in child care facilities! This program has made it so easy to be successful and the movement guide is so user friendly! We LOVE it in Rutherford County!”

— Jamie Nanney, BAK Trainer, Rutherford County

“Up until the New Be Active Kids Guide, there were not many physical activity ideas out there for infant and young toddler teachers. Now the Be Active Kids guide has many activities that the teachers and I can use when working with infants, one and two year olds. Thanks for the great resource!”

— Terri Walls, BAK Trainer, Craven County

“When talking to providers about what they find rewarding about working with young children, [it’s that] they love the look of wonder and excitement children have when they grasp a new idea or concept. Surprisingly, this is the same look I see on the faces of participants in my Be Active Kids classes! Providers suddenly seem to realize how easy it is to get their children active and moving.”

— Joan Nicholson, BAK Trainer, Mecklenburg County

“I’m excited about receiving my own movement guide. I really love this curriculum and would love to do trainings with Be Active Kids yearly.”

— Casi Freeman, NC Pre-K Provider, Sampson County
