Tips for selecting books and stories that encourage movement:
- Look for sports related themes
- Look for books about the body and body parts
- Look for books with or about animals
- Look for books with transportation themes (buses, cars, trucks, bikes, etc)
- Look for books based on nature and being outdoors
- Select large size books with big print and a lot of pictures so all children can see
- Try and use projectors to have the story large enough for all to see and out of the way so that the adult can be active and modeling for the children
- Tell the story on multiple days; first read to the children, next do some movements while reading to the children, then act out the entire story
- Find stories with repetitive lines or phrases
Music that Moves...
