BE ACTIVE KIDS®

Curriculum Use Log Sheet

Directions: To improve the effectiveness of the Be Active Kids program we are asking providers to keep track of when they use the Be Active Kids lesson plans, what lesson plan was used, whether the lesson was completed as intended, and how many children participated in the lesson. If you are able to provide additional comments about the lesson implementation it would be helpful and appreciated.
Please mail or fax the log sheet to Be Active North Carolina, *address provided at the bottom of the page*, after eight weeks or once you have filled in all rows. **Incentives will be provided** for returning your log sheet and Curriculum Use Survey. **Your help is greatly appreciated!**

Date	Lesson	Completed?	# of Children Participated	Comments:
04/18/2008	*Math – Nutrition*	*Yes*	*20*	*Taught at separate times to two different groups of students.*

* *Additional forms are available on our website: www.beactivekids.org. We encourage you to print new forms and submit them on a regular basic to receive additional incentives. These incentive options may also be found on our website.*
