

## Trainer Rewards Program

To recognize and thank our Be Active Kids volunteer trainers, a trainer appreciation program was developed and has been enhanced. This program will be similar to credit card, hotel, and other product reward systems; the more active you are with the Be Active Kids program, the more you will be rewarded. Points will be earned for specific program-related activities and can be accumulated over time to be used as you please to purchase items from our store.

### Acquiring points:

When a trainer registers for a train the trainer session, they are asked to commit to conducting at least ONE training per year, from the date of the session. By registering and conducting your first provider training you will receive an initial five points. For each provider you train, you will need to turn in one Be Active Kids Registration form and one Be Active Kids Evaluation form within 15 days of the provider training session. For each set of completed forms, from a provider working directly with 4- and 5-year olds, received by the Be Active Kids Program Specialist, you will receive one point. The number of points each trainer earns is kept on record at Be Active North Carolina.

### Additional points may be earned in the following ways:

- ✓ Helping to ensure the providers you train submit their continual evaluation forms (pink).
  - *For every set of continual evaluation forms (pink) we receive from providers you have trained, you will receive one point.*
- ✓ Providing Be Active North Carolina with program related information.
  - *For submitting items such as: training photographs, testimonials of program success or implementation, provider pictures and testimonials, Be Active Kids in action, county evaluations and reports, and additional program materials you will receive one point with a maximum of five points per year.*
- ✓ Merit based rewards
  - *For every year, after your first year, that you are an “active” Be Active Kids trainer, you will receive one point. For every year you train 20+ providers, you will receive one point. Example: If you conduct two trainings each year with 10 providers in each session, you would be rewarded with 3 additional points (added to the points for submitting complete form sets).*

## Be Active Kids Rewards Store:
